Subject: US-95 Thorncreek to Moscow project

Hello,

It is my understanding that the Idaho DOT still needs to get a clean water permit (or something similar) from the EPA before they can finalize the US-95 Thorncreek to Moscow highway expansion project. I would like to comment on the project but I can't find who at the EPA I should send my letter to. I heard that it would be Elaine Sommers, but I cannot locate her in the directory. Could you tell me who at the Seattle office is working on this project?

Thank you,

Personal Privacy / Ex. 6
